ACCELERATED 2nd DEGREE BSN PREREQUISITE COURSES

Please provide the requested information regarding our 10 Accelerated 2nd Degree BSN prerequisite courses or their approved equivalents. All fields MUST be completed. You may need to scroll left/right to view all required fields.

(MSU will not accept a grade below a 2.0 for transfer)

* Indicates courses that must be complete (or nearly complete – Fall semester enrollment at the latest) at the time of application.

* Indicates courses that must be completed no more than 5 years prior to the program start date.

For current coursework, a grade of "IP" (meaning "in progress") can be entered. For courses planned for a future semester, a grade of "PL" (meaning "planned") can be entered. All prerequisite courses are required to be complete by the start date of the ABSN program.

Applications won’t be evaluated until final Fall semester grades are complete. Please DO NOT WAIT to submit your application – list Fall courses as "IP," and separately submit your final Fall grades (for non-MSU courses only) as soon as they become available.

If you have two semesters of combined Anatomy & Physiology courses (ex: A&P 1 and A&P 2), please write one course’s information in the ANTR 350 row, and the other in the PSL 250/310 row.

Advanced Placement (AP) scores are acceptable. Just like transcripts for transfer credit, AP scores must be submitted to the Hannah Administration Building. Please use https://admissions.msu.edu/documents/MSU_AP_Equivalencies.pdf to check AP equivalency requirements.

ACADEMIC RESTART

In addition to your prerequisite GPA (a calculation of the 10 ABSN prerequisite courses only), another factor that will be considered by the selection committee is your overall cumulative GPA calculation. Typically, all collegiate level coursework is considered. Beginning this year, we are offering applicants the opportunity to participate in our new Academic Restart policy. Students are eligible for the Academic Restart policy if they have accumulated 12 or more credits after the completion of their first undergraduate degree.

If you would like to participate in Academic Restart, you will be asked to select a semester which falls after the completion of your first degree. As long as there are 12 or more credits to consider between that semester and now (Fall semester coursework can be considered), we will begin your cumulative GPA calculation in the identified semester, and consider all coursework taken from that time forward. Courses taken after the current Fall semester cannot be considered.

DO YOU WISH TO PARTICIPATE IN ACADEMIC RESTART?
