ASSOCIATE DEAN FOR RESEARCH

Michigan State University College of Nursing invites applications for the position of Associate Dean for Research. The Associate Dean for Research is responsible for advancing the College of Nursing research mission and the leadership of the PhD program including collaboration with faculty for recruitment, admission, implementation of the curriculum and evaluation of the PhD program. This position also entails the preparation of nurse researchers through PhD education. The Associate Dean for Research creates and maintains an environment that supports the ethical conduct of research and provides administrative oversight to all activities related to obtaining funding including the management of the College of Nursing Research Center and the supervision of research support staff and the PhD program staff. The Associate Dean for Research is a member of the senior leadership team. This is a full-time, tenured (twelve-month) faculty position with a distribution of effort across administration, teaching and research.

Responsibilities include:

- Provide leadership for research with in the College of Nursing, expand NIH and other federal and foundation research funding, and build strengths in targeted areas consistent with the College's research strategic priorities;
- Assist with the mentoring of faculty in the development of their research programs, develop a network of collaborators, and relationships with funding sources;
- Assure an efficient level of support for faculty and student researchers, including pre- and post-award support and regulatory oversight;
- Assure ethical, scientific integrity and regulatory compliance of research;
- Obtain and manage resources in support of the research mission;
- Represent the College at the University, community and national levels;
- Maintain scholarship and a funded program of research to serve as a scholarly role model

Position Requirements:

- PhD in Nursing or related field;
- Unrestricted RN license without probationary status (or eligible);
- Research program with a successful record of federal funding and scholarship;
- Record consistent with appointment as tenured Associate or Full Professor;
- Excellent communication skills;
- Ability to articulate the vision, mission and strategic priorities of the College to a variety of audiences;
- Administrative experience in research and/or graduate studies is preferred

MSU is committed to achieving excellence through cultural diversity.
The university actively encourages applications and/or nominations of women, persons of color, veterans and persons with disabilities.
