Nursing Care of the Family
Nursing 435 Sections
C160/C170 Bott Building
Clinical locations and times: To be arranged
Credit Hours 4
Fall 2016

I. Catalog Course Description: Health promotion and risk assessment of individuals and families during pregnancy and birth. Therapeutic communication and assessment skills for providing holistic care to culturally diverse childbearing families during the prenatal, intrapartum, and postpartum periods. Caring for mother and baby in utero and after birth.

II. Course Objectives: At the end of this course, students will:
   a. Competently engage in interpersonal relationships with the childbearing family. (Communication)
   b. Use clinical decision making to evaluate the interrelationships among physiological, psychological, social, spiritual, ethical and cultural factors and the impact on the normal and at risk childbearing experience. (Clinical decision making)
   c. Demonstrate competency in the nursing process to facilitate and optimize the health of the childbearing family. (Nursing therapeutics)
   d. Utilize concepts of health promotion and risk reduction in providing a family-centered approach in caring for clients and their families. (Health promotion/risk reduction)
   e. Apply theories and principles in coordinating the care necessary for the management of complicated, complex childbearing processes. (Illness and disease management)
   f. Formulate professional leadership approaches to promote optimal health outcomes for the childbearing family in varied care settings (professional leadership).
   g. Define ethical, social and health care policy issues that impact the health care of the childbearing family. (Ethical practice)
   h. Critically evaluate concepts from theory and research when providing care for the childbearing family. (Evidence-based practice)
   i. Analyze the influence of diversity culture and ethnicity of clients’/families’ perspective of the childbearing experience and how this affects nursing interventions with these clients and their families.
   j. Analyze the role of the professional nurse in caring for the childbearing family.
   k. Identify professional nursing standards necessary for the provision of care to the childbearing family.
   l. Explain normal and at-risk physiological, psychological, social, spiritual, ethical, and cultural factors and the interrelationships that impact the childbearing experience.
   m. Discuss and demonstrate an appreciation of cultural diversity in the childbearing experience.

III. Additional Course Details: See D2L

IV. Prerequisites: NUR 360 and NUR 370

V. Co-requisites: NUR 440 concurrently and NUR 450 concurrently

VI. Standards Documents: The curriculum is guided by the following documents:

American Association of Colleges of Nursing (2008). The essentials of baccalaureate education for professional

VII. Course Faculty:

**Faculty and Course Coordinator:** Joanne Goldbort, PhD, RN  
**Contact Information:** Life Sciences, A-127, phone 517-353-8678  
**E-mail:** joanne.goldbort@hc.msu.edu  
**Office Hours:** Thursdays 12:30 – 2:30  
**Note:** Times can be arranged to accommodate student schedules.

**Faculty:** Judy Strunk, DNP, RN  
**Contact Information:** Life Sciences A-278, 517-353-4711  
**E-Mail:** judy.strunk@hc.msu.edu  
**Office hours:** by appointment  
**Note:** Times can be arranged to accommodate student schedules.

**Faculty:** Kristen Maki, MSN, RN  
**E-Mail:** makikri2@msu.edu  
**Office hours:** by appointment  
**Note:** Times can be arranged to accommodate student schedules.

**Faculty:** Susan Godfrey, MPA, RNC  
**E-Mail:** susan.godfrey@hc.msu.edu  
**Office Hours:** by appointment  
**Note:** Times can be arranged to accommodate student schedules.

**Faculty:** Marilyn Slivensky, MSN, RN  
**E-Mail:** marilyn.slivensky@hc.msu.edu  
**Office hours:** by appointment  
**Note:** Times can be arranged to accommodate student schedules.

**Faculty:** Jennifer Thompson-Wood, MSN, RN  
**E-Mail:** jennifer.thompson-wood@msu.edu  
**Office hours:** by appointment  
**Note:** Times can be arranged to accommodate student schedules.

VIII. Instruction:  
**Methodology:**

a. Presentation of course content is accomplished through two hours of weekly lecture, accompanied by weekly clinical assignments. The theory portion of the course incorporates class discussion, small group activities, case examples, and lecture presentations. **Active learning by the student is emphasized.** Completion of required readings, activities, and media prior to
class is essential in order to facilitate comprehension and synthesis of content. You must receive a passing grade in both the theory and the clinical components of the course in order to pass the course.

b. **Writing Requirements:** Written assignments are graded by clinical faculty and rubrics are used to guide the Instructor’s grading of assignments.

c. **Use of laptops, iPads, and other online devices:** Students will no longer have the option of using laptops, IPADs, tablets, smart phones or other electronic online devices during theory classes unless instructed by the faculty member for a specific assignment. Students are encouraged to refrain from printing out the PPT slides. To facilitate note-taking faculty will number each slide enabling students to readily link slides with written notes. No Taping of lectures or presentations without Instructor’s consent. You will be allowed to use your laptop to take the quizzes and exams and at the Instructor’s approval for in-class activities.

d. **Required Texts:**

There is a discounted bundled package that includes the textbook for NUR 435 from the MSU Bookstore and SBS that contains the main textbook (both hard and electronic copies), the Virtual Clinical Excursions book (online access version), NOC book and a multitude of nursing references in Pageburst platform. If you do not purchase the bundle you will need to buy each book separately. There is an electronic package available from Elsevier, please see the flyer distributed with the welcome letter.

**Turning Point Classroom Responseware:**

Go to [http://account.turningtechnologies.com](http://account.turningtechnologies.com) to create your account. Using your MSU email address go to [https://store.turningtechnologies.com/](https://store.turningtechnologies.com/) and sign up using school code MSU89.

e. **Recommended text:**

**IX. American Nurses Association Electronic Books (E-books)**

*American Nurses Association (2015).* *Nursing's Social Policy Statement: The Essence of the
Profession  http://tinyurl.com/socialpolicy2015

*Access these e-books through the MSU Libraries Catalog or the Nursing E-book page:
http://libguides.lib.msu.edu/nursingebooks. These e-books allow unlimited concurrent users.

X. Other Required Resources, References, Supplies:

TurningTechnologies Responseware:

A video version of the walkthrough can be found here:  http://bit.ly/1RVL4je

1. Using your MSU email account please create your TurningTechnologies account at: https://account.turningtechnologies.com
2. Once account has been created and you are logged into your account click on the License link to purchase a software license.
3. Purchase a 1 – 4 year software license
4. Download the TurningTechnologies Responseware app from either the Apple App Store or the Android Marketplace
5. When in class your instructor will supply you with a Session ID that will be used to answer the questions during class.

<td>Effectively communicate and collaborate with individuals, families, and health professionals in</td>
<td>1. Initiates effective written and verbal communication with persons, populations,</td>
<td>NUR435 Clinical Worksheet Assignment NUR 440 Grand Rounds Presentation</td>
</tr>
</tbody>
</table>

The CON has defined the following competencies that must be achieved by all students in each Level before progressing onto the next Level and graduating. At the end of each Level, all students will achieve the objectives and competencies listed below for that level, as well as the indicators specific to each course. All indicators, as well as the overall grade for a course, must be at 75% passing to proceed onto the next level. Each indicator assignment must be passed at 75%. If 75% is not achieved on the first attempt the student must remediate to a minimum grade of 75%, however the original grade on the assignment will stand.

</table>
and patient preferences in the provision of care to individuals, families, and groups. relevant to a client and family of choice.

GLOBAL AND CULTURAL COMPETENCE III (GCC)

Delivers care with consideration of the impact of global, cultural, societal, and policy factors affecting the health and wellness of individuals, families and groups.

1. Systematically investigates the interaction among social & cultural determinants.
2. Using culturally specific data, develop plan of care of culturally diverse vulnerable populations.

Combined with Professional Leadership, Health Promotion Risk Reduction, and Communication.

XII. Evaluation:

a. Learning Assessments and Grading:

Lecture notes will be available through D2L. Students are responsible for announcements and information sent electronically. Students are encouraged to make use of electronic data resources, such as the Internet, as well as library resources and outside study group activities to meet course objectives.

</table>

The theory portion of this course will be evaluated using exams. There will be 3 exams including the final exam (cumulative). If a student has any special requests for exams, such as family emergency, illness or religious holiday, the student will present documentation to support this request as soon as possible.

b. Additionally any student deemed unsatisfactory in Clinical, as determined by faculty, will receive a failing grade in the course.

The theory component of this course is worth 70% of the final grade. Individual appointments for appropriate guidance throughout the semester with the theory instructor are encouraged and may be arranged by contacting the course instructor. It is an expectation that all students who have less than 80% on any exam shall seek guidance from the theory instructor.

The clinical component of this course is worth 30% of the final grade. The clinical portion of this course will have an evaluation of performance and written assignments. A clinical evaluation tool and a clinical grading form (review of assignment grades) will be available during the first week of clinical for you to review. The clinical faculty will grade clinical assignments.

Student/faculty conferences are only held with clinical faculty for this course.
All requirements for this course must be achieved with a passing grade of 75% in each area (theory and clinical) in order to pass the course.

c. ATI Proctored Assessment:

All students are required to take the proctored assessment exam in order to pass the course. Additionally, if a student successfully passes the course with a 75% or greater in theory and passes the clinical practice component AND achieves a Level II or higher score on the ATI exam, an additional 2% will be added to the student's final grade in the course. Student ATI assessment results lower than a Level II will have no effect on the course grade as long as the exam requirement is completed.

d. Course Grading Scale:* The standard College of Nursing grading scale will be utilized

<table>

CON does not round Course Grades. (eg. 93.9% = 3.5)

*For specific information regarding grading related to student progression through the curriculum, please refer to the “Progression through the Major Policies” section of the Baccalaureate Student Handbook

XIII. Examinations

a. Tardiness: If a student is late, he/she will only be allowed the allotted time remaining to complete the exam.

b. Absences: Students must notify course faculty of any absence prior to the start of the exam.

c. Excused Absence: Absence from an exam may be excused for such reasons as a family death, serious family illness, court mandated appearance, and personal illness (requiring HCP documentation). Excused absence must have appropriate documentation in order to be excused. Course faculty will make the determination of whether an absence is excused if it meets the above criteria.

d. Unexcused Absence: No make-up exam will be scheduled. Student will receive a zero grade.

e. Make-up Exam (for excused absence only):
   a. Students must contact the faculty member to schedule the make-up examination. The exam must be made-up within 1 week of the original examination date; any extension beyond 1 week is at the discretion of faculty and would only occur in the event of extraordinary circumstances. Faculty will determine the date and time of the make-up exam.
b. Make-up exams may differ from the original exam and include, for example, essay, short answer, matching, and true/false type questions.

f. Proctor process: See the BSN Student Handbook for the proctoring process.

XIV. Grief Policy:

The faculty and staff should be sensitive to and accommodate the bereavement process of a student who has lost a family member or who is experiencing emotional distress from a similar tragedy so that the student is not academically disadvantaged in his/her classes. It is the responsibility of the student to: a) notify the Associate Dean by completing the grief absence request form [https://reg.msu.edu/StuForms/Stuinfo/GriefAbsenceForm.aspx]; b) complete all missed work as determined by the instructor. It is the responsibility of the Associate Dean or designee to: a) determine with the student the expected period of absence – it is expected that some bereavement processes may be more extensive than others depending on individual circumstances, b) notify the faculty that the student will be absent, and c) receive verification of the authenticity of a grief absence request upon the student’s return. It is the responsibility of the instructor to work with the student to: a) make reasonable accommodations and b) to include appropriate language describing such accommodations in their course syllabus, so that the student is not penalized due to a verified grief absence. Students who believe their rights under this policy have been violated should contact the University Ombudsperson.

XV. Honors Option [undergraduate only]: Honors option is available upon request. Interested students must make arrangements with clinical faculty for honors option learning activities during the first two weeks of the semester. Refer to the BSN Student Handbook for CON Policy related to Honors Options in Nursing Courses.

XVI. Professionalism:

Preparation for the professional practice of nursing requires that students demonstrate certain essential behaviors in addition to acquisition and application of knowledge. To progress in the undergraduate major in the College of Nursing, the student must show evidence of continuing development in inter-personal relations and communication with clients, peers, faculty and other health care personnel; demonstrate sensitivity to the effect of his/her behavior on others; demonstrate responsible fulfillment of class and practicum obligations; provide safe nursing care in the practicum setting; and demonstrate honesty and integrity in all academic and professional matters. These expectations are reflected in the Professional Development Objectives identified for each nursing clinical course. The student must meet each Professional Development Objective or the student will receive a 0.0 for the practicum course. The student is referred to the BSN Student Handbook for the CON Professional Development section.

Students are expected to read and understand the grading system and to keep a record of their quiz and exam grades for their own use. Students are expected to study for exams comprehensively, therefore no study sessions/review questions will be provided by faculty prior to exams.

Students are referred to the BSN Student Handbook of the CON for policies and professionalism related to HIPAA, CPR, and Health policies. Students who do not comply with the policies will be restricted from attending clinical and/or other experiences.

Social Media Policy: There is no appropriate use of social media by students in the (NUR 435) clinical rotation, including pictures by cell phones, insta-grams, text messages, tweets, or posts on Facebook. This also includes information and data regarding patients, cases, clinical situations, and clinical assignments before, during or after the OB clinical rotation.
Communication
Faculty can be reached through email and phone. Faculty responses to email may take up to 3 days. Urgent/emergency contacts may be made by phone. The following is an example of urgent/emergency calls: unexpected personal or serious family illness requiring absence, including missing an exam. Phone messages may also be left on the office phone answering system in the College of Nursing but it is the responsibility of the student to make sure the faculty member got the message.

It is expected that students will complete the SIRS evaluation at the end of the term.
This is a private evaluation designed for your input into the course. Your input is very valuable to faculty, administration and upcoming students for purposes of yearly course and faculty evaluation.

XVII. Compliance with immunizations, CPR, and HIPPA regulations.

All Michigan State University College of Nursing (CON) Undergraduate Nursing Students are required to be in compliance with all health/immunization requirements, criminal background checks, BLS certification, blood borne pathogen training, HIPAA training, and any other agency specific requirement while in the nursing program (Refer to BSN Handbook for detailed policy and procedures).

Students will be considered out of compliance if a designated immunization or other item required to be submitted to the University Physician’s Office, Office of Student Support Services, ACEMAPP, or other agency is not updated by the designated deadline.

Students enrolled in clinical nursing courses who are out of compliance will receive a 1% reduction to the overall course grade that will be applied at the end of the semester for each item out of compliance during the course. If an item is not brought into compliance within 1 week an additional 1% reduction will be taken for each week the student is out of compliance.

Additionally, students enrolled in clinical courses who are identified as out of compliance will not be permitted to attend clinical until documentation has been submitted to the correct compliance monitoring office. Clinical absences that result from out of compliance status may affect the ability of the student to successfully meet clinical course objectives, which may result in course failure.

XVIII. Course Policies:

The College of Nursing expects that students will demonstrate professional behavior in all situations. Specific expectations for clinical and other professional venues can be found in the appropriate handbook. You are responsible for reviewing and acting in accordance with the policies and procedures found in the following sources, including the following topics: Professionalism, Academic Integrity, Accommodations for Students with Disabilities, Disruptive Behavior, Attendance, Compliance, and Progression.

- CON BSN Student Handbook: http://nursing.msu.edu/BSN%20Programs/Handbooks/default.htm
  - Includes Professional Development Guidelines
  - Students are responsible for the information found in the CON BSN Student Handbook.
- Information for MSU Students: http://www.msu.edu/current/index.html
- Academic Programs: http://www.reg.msu.edu/AcademicPrograms
- Code of Teaching Responsibility and Student Assessments and Final Grades: http://www.reg.msu.edu/AcademicPrograms/Print.asp?Section=514
- Integrity of Scholarship and Grades: http://www.reg.msu.edu/AcademicPrograms/Print.asp?Section=534
XIX. University & College Policies:

Academic integrity:

Article 2.3.3 of the Academic Freedom Report states that "The student shares with the faculty the responsibility for maintaining the integrity of scholarship, grades, and professional standards." In addition, the College adheres to the policies on academic honesty as specified in General Student Regulations 1.0, Protection of Scholarship and Grades; the all-University Policy on Integrity of Scholarship and Grades; and Ordinance 17.00, Examinations. (See Spartan Life: Student Handbook and Resource Guide http://splife.studentlife.msu.edu/ and/or the MSU Web site: www.msu.edu). Therefore, unless authorized by your instructor, you are expected to complete all course assignments, including homework, lab work, quizzes, tests and exams, without assistance from any source. You are expected to develop original work for this course; therefore, you may not submit course work you completed for another course to satisfy the requirements for this course. Also, you are not authorized to use the www.allmsu.com Web site to complete any course work in NUR 370. Students who violate MSU rules may receive a penalty grade, including--but not limited to--a failing grade on the assignment or in the course. Contact your instructor if you are unsure about the appropriateness of your course work. (See also https://www.msu.edu/unit/ombud/academic-integrity/index.html#regulations

XX. Accommodations for students with disabilities:

Students with disabilities should contact the Resource Center for Persons with Disabilities to establish reasonable accommodations. For an appointment with a disability specialist, call 353-9642 (voice), 355-1293 (TTY), or visit MyProfile.rcpd.msu.edu.

XXI. Disruptive behavior:

Article 2.3.5 of the Academic Freedom Report (AFR) for students at Michigan State University states: "The student's behavior in the classroom shall be conducive to the teaching and learning process for all concerned." Article 2.3.10 of the AFR states that "The student has a right to scholarly relationships with faculty based on mutual trust and civility." General Student Regulation 5.02 states: "No student shall . . . interfere with the functions and services of the University (for example, but not limited to, classes . . .) such that the function or service is obstructed or disrupted. Students whose conduct adversely affects the learning environment in this classroom may be subject to disciplinary action through the Student Faculty Judiciary process.

XXII. Attendance:

Students whose names do not appear on the official class list for this course may not attend this class. Students who fail to attend the first four class sessions or class by the fifth day of the semester, whichever occurs first, may be dropped from the course. See the Ombudsman’s web site for a discussion of student observance of major religious holidays, student-athlete participation in athletic competition, student participation in university-approved field trips, medical excuses and a dean's drop for students who fail to attend class sessions at the beginning of the semester.

XXIII. College of Nursing Policies:

Professional Development Guidelines found in CON Student Handbooks at CON website http://nursing.msu.edu/BSN%20Programs/Handbooks/default.htm. Students are responsible for the information found in the CON (BSN, MSU or PhD choose one Student Handbook.

XXIV. Course Calendar: Course calendar will be posted on D2L.
