Monday, Tuesday & Wednesday - Hours TBA, Location TBA  
Lab Hours: 90; Credit Hours: 2  
Spring, 2014

Catalog Course Description: Extension of foundational social science concepts into nursing therapeutics aimed at mental health and the care of person with mental illnesses. Medication and non-medication interventions, group interventions, and therapeutic environments.

Additional Course Description: NUR 370 is an extension of foundational social science concepts into nursing therapeutics aimed at mental health and the care of persons with mental illnesses. Medication and non-medication interventions, group interventions, and therapeutic environments will be studied and demonstrated.

Course Objectives: At the end of this course, students will:
1. Apply intermediate-level communication skills with people experiencing mental health deviations.
2. Critique and value the impact of her/his critical thinking process used in their psychiatric and mental health nursing practice.
3. Interpret data in the delivery of targeted nursing care to person and populations with mental health deviations.
4. Analyze the interactions between individual factors and societal forces on mental health.
5. Analyze and apply theory and data for the care management for mentally ill persons and populations.
6. Evaluate the multidisciplinary roles in the care of persons and populations with mental illness.
7. Analyze ethical issues related to the care of persons and populations with mental illness.
8. Examine theory and research related to the prevention and treatment of mental illness.
9. Analyze the interactions between cultural and socioeconomic factors on mental health.

Prerequisites: NUR 330 and NUR 340 and PHM 350

Co-requisites: NUR 360 concurrently
Professional Standards & Guidelines: The curriculum is guided by the following documents:

ISBN: 1-55810-176-4

Course Faculty:

Faculty: Gretchen Dubes, MSN, RN Course Coordinator
Office: W126 Owen Graduate Center
Hours: By appointment
Email: gauck@msu.edu
Clinical: Pine Rest & Forest View, Grand Rapids
Note: Times can be arranged to accommodate student schedules.

Faculty: Ann M. Collins PhD, PMHNP-BC, LPC
Office: W144 Owen Graduate Center
Office Hours: By appointment
Email: Ann.Collins@hc.msu.edu
Clinical: Detroit Receiving, Detroit
Note: Times can be arranged to accommodate student schedules.

Faculty: Maya Clark, MSN, RN
Office: W151 Owen Graduate Center
Office Hours: By appointment
Email: klavonsm@msu.edu
Clinical: St. Joseph, Ypsilanti
Note: Times can be arranged to accommodate student schedules.

Faculty: Marjorie Frank, MSN, RN
Office: W136 Owen Graduate Center
Office Hours: By appointment
Email: marjorie.frank@hc.msu.edu
Clinical: St. Mary, Livonia
Note: Times can be arranged to accommodate student schedules.

Faculty: Doug Olsen, PhD, RN
Office: A102 Life Sciences
Office Hours: By appointment
Email: Douglas.Olsen@hc.msu.edu
Clinical: Allegiance, Jackson
Note: Times can be arranged to accommodate student schedules.
Faculty: Kristi Blok, MSN, RN
Office Hours: By appointment
Email: Kristi.Blok@hc.msu.edu
Clinical: Forest View Hospital, Grand Rapids
Note: Times can be arranged to accommodate student schedules.

Instruction:

a. Methodology:
   NUR 370 is a 4-credit course that includes theoretical, lab, and clinical components. This course introduces the beginning nursing student to the concepts and skills related to mental health and psychiatric nursing across the life span. Two hours per week are designated for theory content. Theory content will be presented through lecture, small group discussion, independent viewing of media, and group assignments. The completion of assigned readings prior to each class is necessary to facilitate comprehension, understanding, and integration of content vital to this course. Students need reliable, high-speed access to the ANGEL course management system. See ANGEL Help for recommended browsers. Students also need the following programs: Real Player, Macromedia (also called Flash Player) to view online videos and to view simulation lab videos. If you have problems accessing any files on ANGEL, call the ANGEL Help Line.

   Six hours a week are designated for lab/clinical study. The lab content of the course will be front loaded with the students utilizing clinical time initially in the simulation lab to expand and evaluate interpersonal skills. The clinical practicum will provide immersion with acutely ill adults and children.

b. Writing Requirements: Specific guidelines and evaluation rubrics are available on ANGEL and will be used for each evaluated assignment. All written assignments must follow writing style requirements of the American Psychological Association (APA) as outlined in the required APA Publication Manual (6th ed. Second printing) and CON requirements.

c. Required Texts:

   American Nurses Association Electronic Books (E-books)

   American Nurses Association (2010). Nursing Scope and Standards of Practice<http://catalog.lib.msu.edu/record=b8270966%7ES39a%20> (2nd ed.). Silver Spring, MD

Optional Texts:

ANGEL Help Line
1.800.500.1554 (24 hrs, 7 days/week)
517.355.2345 (24 hrs, 7 days/week)
[www.angel.msu.edu](http://www.angel.msu.edu) (ANGEL Help link in upper right corner)
Always check with the ANGEL Help Line first!

b. **Frequently Called Telephone Numbers**
Simulation Lab, Life Sciences; 355-5765 (with answering machine)
Media Lab (Andy Greger) Life Sciences, 353-9020
College of Nursing Student Support Services A117 Life Sciences 353-4827.
c. **Level II: Outcomes and Competencies:**

<table>

| ILLNESS AND DISEASE MANAGEMENT II          | Demonstrate understanding of theories and principles of high quality, safe and efficient management of illness and disease to nursing care for individuals, and groups. | 1. Based on desired outcomes, determines care management needs of the individual (i.e. clinical pathways).  
2. Identify a variety of barriers and resources that affect client outcomes and delivery of care. | NUR 370 Interview Vulnerable Population/Concept Map                       |
| PROFESSIONAL LEADERSHIP II (PL)            | Apply theories and concepts to demonstrate leadership in the delivery of nursing care to individuals and groups in varied care settings. | 1. Examine how nursing leadership roles and strategies affect health care quality  
2. Collaborate with multiple disciplines in providing client care. | NUR 370 Case problem identification and characterization of an ethical problem within clinical practice |
| ETHICAL PRACTICE II (EP)                   | Apply principles of ethical decision-making in their nursing practice.       | 1. Accurately identify and characterize ethical problems arising in the care of clients  
2. Identify barriers to and resolutions for client self-determination | NUR 370 Case problem identification and characterization of an ethical problem within clinical practice |
| EVIDENCE-BASED PRACTICE II (EBP)           | Use research evidence, theory and patient preference in planning nursing care. | 1. Formulates and manages nursing interventions that are based on theory and research. | NUR 360 Evidence Practice Project  
NUR 360 Concept Map                                                                       |
| GLOBAL AND CULTURAL COMPETENCE II (GCC)    | Identifies global, cultural societal and policy factors on the health and wellness of individuals and groups. | 1. Analyze the importance of global and cultural factors on perception of health and illness  
2. Implement nursing interventions that reflect understanding of diversity | NUR 370 Interview Vulnerable Population/Concept Map                       |
Evaluation:

a. Learning Assessments and Grading:

b. Course Grading Scale: The standard College of Nursing grading scale will be utilized.

“Final Course Grades will not be rounded”

*For specific information regarding grading related to student progression through the curriculum, please reference the “Progression through the Major Policies” section of the Baccalaureate Student Handbook.

Sixty percent of the course grade is based on the theory portion of this course and the other 40% of the course grade is based on the clinical portion. The theory grade will be based on quizzes and exams. A student must achieve a minimum grade of 75% or 2.0 in performance behaviors, clinical assignments, and in the theory class in order to pass the course, regardless of the weighted total of the three. Student must receive a “Pass” grade in all clinical performance behaviors in order to pass the course. A “Fail” grade in clinical performance will result in a grade point of 0.0 for the course. If a student fails to make a grade of 75% or 2.0 on clinical assignments, or in the theory class, a grade point of 0.0 will be assigned for the course.

Faculty reserves the right to dismiss a student from clinical areas if the student is too ill, unprepared or deemed to be a risk to patient safety. Students who are late to clinical are considered a risk to patient safety. Dismissal from clinical for any reason, excluding illness is deemed unexcused, thus carrying the requisite grade consequences as described in the course syllabus. Any student deemed unsafe will not pass the course and will receive a grade point of 0.0

Theory portion of the course: 60% of final grade

The theory grade will be based on 3 medication quizzes, 3 exams and the ATI RN Mental Health Proctored Assessment. Medication quizzes are open book and taken online. Three exams will consist of NCLEX-style questions which test students’ abilities to apply theory to case situations. In addition the student will be responsible for taking the ATI RN Mental Health Proctored Assessment. Class time will be given for the exams.

</tbody>
</table>

****The ATI RN Mental Health Proctored Assessment is scheduled for April, 25th from 12:40 -2:30 pm. Attendance is mandatory****

### Clinical Portion of the course: 40% of final grade

The lab/clinical grade will further be divided into assignments and clinical performance. Assignments will include one nursing care plan, one process recording, an ethics presentation, and a vulnerable population presentation. Forty percent of the clinical grade will be based on these four assignments.

****Pass-Fail****:

Each student must complete ALL pass-fail experiences to pass the course. These experiences include: an education assignment, 3 weekly worksheets and a simulation lab self-reflective exercise. In addition, the clinical performance evaluation tool will be used to evaluate clinical performance and is Pass/Fail.

Clinical assignments are expected to be turned in on the due date. PLEASE NOTE~ late assignments if accepted at all will carry a 2 point penalty each day that it is late and will be at the discretion of clinical faculty. Student and clinical faculty will fill out a late assignment form to be signed by student and faculty with a given due date assigned.
Professionalism: Required Professional Behaviors - You must be familiar with the standards set by the MSU CON. The College of Nursing expects that students will demonstrate professional behavior in all situations. Specific expectations for clinical and other professional venues can be found in the appropriate handbook. It is important for each student to conduct themselves professionally for both clinical and classroom setting. You are responsible to be respectful of your peers and instructor during classroom and clinical. Please be respectful of your agencies policy regarding the use of cell phones. Some clinical agencies ask that students refrain from using cell phones during clinical. There will be hard copy desk references available for students to use specifically regarding drug information and care plan books. If you are ill or late for clinical please notify your instructor by phone. Each clinical instructor will provide contact information to be used by each student. Dress code for nursing 370 clinical requires that you wear your MSU button down polo shirt with agency ID badge clearly visible. Business causal pants are to be worn. No jeans, stretchy yoga pants, hoodies or open toe shoes are to be worn.

Immunization and CON COMPLIANCE:

All students must submit and comply with Centers for Disease Control and Prevention Guidelines for Health-care workers and meet the College of Nursing Compliance requirements. Students must hand in documentation of current immunization record on the first day of clinical orientation. Students are directed to the BSN Student Handbook for specific information. Students will not be allowed into clinical without documentation of compliance and will receive a 0.0 for each day of clinical missed due to noncompliance. Information can be found at http://www.unphys.msu.edu. Click on “For Students” tap; choose the drop-down box “Health Care Professions Students” and find HCP Immunization Form. This will inform you about all MSU CON Immunizations.

Honors Option: Honors option projects are available for students. Please contact your clinical instructor for further instruction.

University & College Policies:

The College of Nursing expects that students will demonstrate professional behavior in all situations. Specific expectations for clinical and other professional venues can be found in the appropriate handbook. You are responsible for reviewing and acting in accordance with the policies and procedures found in the following sources, including the following topics: Professionalism, Academic Integrity, Accommodations for Students with Disabilities, Disruptive Behavior, Attendance, Compliance, and Progression.

- CON MSN Student Handbook: http://nursing.msu.edu/MSN%20Programs/Handbooks/default.htm
- Information for MSU Students: http://www.msu.edu/current/index.html
- Academic Programs: http://www.reg.msu.edu/AcademicPrograms
- Code of Teaching Responsibility and Student Assessments and Final Grades: http://www.reg.msu.edu/AcademicPrograms/Print.asp?Section=514
- Integrity of Scholarship and Grades: http://www.reg.msu.edu/AcademicPrograms/Print.asp?Section=534
University Policies:

**Academic integrity:** Article 2.3.3 of the Academic Freedom Report states that "The student shares with the faculty the responsibility for maintaining the integrity of scholarship, grades, and professional standards." In addition, the College adheres to the policies on academic honesty as specified in General Student Regulations 1.0, Protection of Scholarship and Grades; the all-University Policy on Integrity of Scholarship and Grades; and Ordinance 17.00, Examinations. (See Spartan Life: Student Handbook and Resource Guide http://splife.studentlife.msu.edu/ and/or the MSU Web site: www.msu.edu). Therefore, unless authorized by your instructor, you are expected to complete all course assignments, including homework, lab work, quizzes, tests and exams, without assistance from any source. You are expected to develop original work for this course; therefore, you may not submit course work you completed for another course to satisfy the requirements for this course. Also, you are not authorized to use the www.allmsu.com Web site to complete any course work in NUR 370. Students who violate MSU rules may receive a penalty grade, including--but not limited to--a failing grade on the assignment or in the course. Contact your instructor if you are unsure about the appropriateness of your course work. (See also https://www.msu.edu/unit/ombud/academic-integrity/index.html#regulations

**Accommodations for students with disabilities:** Students with disabilities should contact the Resource Center for Persons with Disabilities to establish reasonable accommodations. For an appointment with a disability specialist, call 353-9642 (voice), 355-1293 (TTY), or visit MyProfile.rcpd.msu.edu

**Disruptive behavior:** Article 2.3.5 of the Academic Freedom Report (AFR) for students at Michigan State University states: "The student's behavior in the classroom shall be conducive to the teaching and learning process for all concerned." Article 2.3.10 of the AFR states that "The student has a right to scholarly relationships with faculty based on mutual trust and civility." General Student Regulation 5.02 states: "No student shall . . . interfere with the functions and services of the University (for example, but not limited to, classes . . .) such that the function or service is obstructed or disrupted. Students whose conduct adversely affects the learning environment in this classroom may be subject to disciplinary action through the Student Faculty Judiciary process.

**Attendance:** Students whose names do not appear on the official class list for this course may not attend this class. Students who fail to attend the first four class sessions or class by the fifth day of the semester, whichever occurs first, may be dropped from the course.

1. Nursing is a professional program and attendance is an expectation.

**ATTENDANCE AT CLINICAL ORIENTATION IS REQUIRED.** If you are unable to attend related to an emergency or serious illness, notification of the clinical instructor must be made prior to the clinical experience time. Failure to assume responsibility and accountability for clinical attendance will result in the student being individually counseled and reported to the Course Chair and Office of Student Affairs. Excessive absence and/or tardiness, or a perceived pattern of absences or tardiness, may result in a 0.0 being awarded for the course. If a message is left on voice mail or an answering machine, it is the students’ responsibility to follow up the recorded message with a personal conversation within 48 hours. Attendance for clinical practicum is required. Make-up clinical hours will be scheduled for April 21st, 22nd & 23rd. You must schedule make-up clinical hours with your assigned clinical faculty prior to your make-up clinical day.
Examinations

Examinations will be given during course periods. Students are expected to read and know the procedure guidelines for examinations along with the ATI Policy. This information will be posted on the ANGEL website. The final exam is scheduled for Tuesday April 29th, 2014 from 3:00 – 5:00 PM.

Communication

E-Mail:

All students are expected to check their e-mail. Student paperwork will be returned on a timely basis and handed back in lecture or clinical setting. E-mail is for the sole purpose of conveying constructive, positive course and nursing information ONLY and is a privilege. Any student utilizing this service to convey personal opinion, pass on chain letters, or advertising unauthorized statements will be reported to the Director of the Office of Student Affairs and the Associate Dean for Academic Affairs and will be dealt with on an individual basis. Inappropriate use may result in the individual being removed from the class list and any other actions determined necessary by the Course Chairperson and College of Nursing administrators.

College of Nursing Policies: Professional Development Guidelines found in CON Student Handbooks at CON website http://nursing.msu.edu/BSN%20Programs/Handbooks/default.htm. Students are responsible for the information found in the CON (BSN, MSU or PhD choose one Student Handbook.
