Official Means of Communication – Electronic Mail:
Electronic mail is the official means of written communication for all students, faculty and Staff at Michigan State University and the College of Nursing. Check your e-mail daily. Keeping up with changes in the course is the responsibility of the student. During clinical hours, when e-mail is not a viable option, calling or texting is an acceptable alternative to communicate with faculty, providing this is done within the confines of the institution’s policies and does not detract from patient care.

Office Hours: Variable – Appointments arranged usually; however, available as needed for students in the Nurse Anesthesia Program to accommodate student’s schedule.

Change in Calendar
The faculty reserves the right to alter the calendar and clinical assignments as circumstances may dictate. All changes will be announced in class, posted in the course communication section on Angel or communicated directly with the individual student.
Instruction:

a. **Methodology:** This course provides an educational opportunity for students to apply didactic learning in the clinical setting. The clinical practicum requires the integration of knowledge learned in the nursing core, anesthesia specialty and science courses. Students will rotate through affiliate clinical sites monthly to obtain experiences in specialty and high acuity cases. Daily assignments will be made by the Clinical Coordinator in collaboration with the course faculty. Students will be required to engage in a self-evaluation process by defining and communicating individual needs and formulating goals with measurable performance objectives. Students will be required to complete one anesthesia management plan on a selected case per week. The management plan must be reviewed and signed by the clinical instructor. Clinical experiences will be recorded by the student using the Typhon Student Tracking System.

b. **Required Texts:**

c. **Optional Texts:** None

c. In order to Pass the course, the student must meet all course objectives

Professionalism: Preparation as an advanced practice nurse requires more than the acquisition and application of knowledge. In order to facilitate a climate of academic excellens and integrity, the faculty of the College of Nursing adopted the following Honor Code. Students are expected to contribute to the legitimacy of their degree by confidentially reporting breeches to this honor code:

- I vow to hold myself and my peers to the highest measure of honesty and integrity
- I commit myself to respectful and professional conduct in all classroom and clinical interactions
- I will neither give nor receive any unauthorized assistance in completing my assigned academic work
- I will always prepare completely to care for my patients before attending clinical
- I will hold in confidence all personal matters coming to my knowledge in the practice of my calling
- I will do all in my power to maintain and elevate the standard of my chosen profession

Institutional Policies: Students are expected to be familiar and comply with all institution and unit-specific policies at each clinical site.
University & College Policies:

The College of Nursing expects that students will demonstrate professional behavior in all situations. Specific expectations for clinical and other professional venues can be found in the appropriate handbook. You are responsible for reviewing and acting in accordance with the policies and procedures found in the following sources, including the following topics: Professionalism, Academic Integrity, Accommodations for Students with Disabilities, Disruptive Behavior, Attendance, Compliance, and Progression.
