

Visiting Professor – Nancy Artinian

The Visiting Professor will be available in the Center for Nursing Research, Scholarship and Innovation (CNRSI). **This is a position to serve as a resource to the center.**

Her role will be to be a resource as a senior faculty researcher. As such, the CNRSI will have her assist the Associate Dean for Research to add another senior level research to our center for:

- a) Internal grant reviews;
- b) Work with specifically assigned faculty to get grants ready for submission;
- c) Review manuscripts prior to submission or at the point of revision for resubmission

The assignments for internal grant reviews will be distributed by the Research Administrator. Feedback from the Visiting Professor will be through the Research Administrator and with a cc: to the Investigator.

Assignments for grant guidance and mentoring will be made by the Associate Dean for Research in consultation with the faculty based on plans and goals of faculty.

Grants when distributed must include the program announcement of RFA's.

Manuscripts will be distributed by the Research Administrative Assistant.

Faculty will provide author guidelines for the specific journal.

Faculty can schedule appointments with her **during her designated hours.**

Faculty can meet with her in person at MSU or by zoom/skype.

For student requests for grant review, will go out from Director of PhD Program with instructions as to what is needed. .

For student requests for paper/ manuscript review, the major professor and Director of the PhD Program will determine the time for the review.
