

Prerequisite Course Review Instructions Accelerated Second Degree Program

Prospective students are not required to complete prerequisite coursework at Michigan State University. (If you wish to enroll in a prerequisite course at MSU, you should submit a MSU Lifelong Education application for study.) Former MSU students should submit a readmission application to the MSU Registrar's Office <http://www.reg.msu.edu/ROInfo/EnrReg/ReadmissionProcedure.asp>

To determine if coursework you have completed (or plan to complete) at an accredited college or university will satisfy prerequisite coursework for the Accelerated Second Degree Program, please access the [Transfer MSU](#) website. Courses listed as MSU equivalents on this website will satisfy the Accelerated Second Degree prerequisite requirements. (Please note that admission to the program requires that you have earned a grade of 2.0 or higher in each of the science prerequisite courses.)

If the specific course you have completed is not listed on the Transfer MSU website, please complete the following steps:

1. Complete the attached **CON Course Review form**. Attach a copy of the course syllabus and attach an official description of the course from a program catalog, web-site or other institutional document.
2. Submit the CON Course Review request no later than September 1 (four weeks prior to the Accelerated Second Degree program application deadline of October 1). You may submit a CON Course Review request prior to submitting an admission application; please allow four weeks for processing.
3. Submit the CON Course Review request with supporting documentation to:

College of Nursing
Accelerated Second Degree Program
Michigan State University
A117 Life Sciences Building
East Lansing, Michigan 48824-1317

4. The College of Nursing will complete the course review and notify you of its final decision.
