Effective Summer 2021

Total Credits 47

Statement on Clinical Locations: Students in all the BSN tracks in the College of Nursing at Michigan State University are exposed to various clinical sites in diverse settings throughout the state of Michigan. The College of Nursing also possesses a simulation and media laboratory containing state-of-the-art equipment to enhance student learning. Clinical placements for Accelerated Second Degree students are concentrated largely in the mid-Michigan and southeast Michigan areas. Theory components are offered at either the East Lansing or Detroit sites. All BSN students at Michigan State University may have to travel to their clinical sites to meet course requirements. The College of Nursing is not responsible for providing transportation to or from clinical sites.
